A Special Spirit

THE ONGOING SPIRIT

A special spirit has always prevailed at Community School. In 1924 fire destroyed Rover School (grades 1-12). The school board selected Unionville as the new building site. In addition to the half-acre of land generously donated by Mr. and Mrs. Lem Clardy, five more acres were purchased. Construction began in the spring of 1925 and was completed soon after. Under the name of Community, the school began classes August 1, 1925, with all twelve grades in one building. Around 1929 Community citizens added a gym.

The first principal was Harry Harrison Knool, author of *Cabin in the Cotton*, which later became a movie. C. J. Lamb, the only senior, was the school's first graduate. Mr. Clardy, caretaker of the school, took a special interest in CHS and became the children's loving and devoted friend.

Sixty years have passed, and CHS has greatly changed. Students are now educated in a larger, better equipped building. The gym has recently been renovated to reflect the pride and loyalty felt for the school.

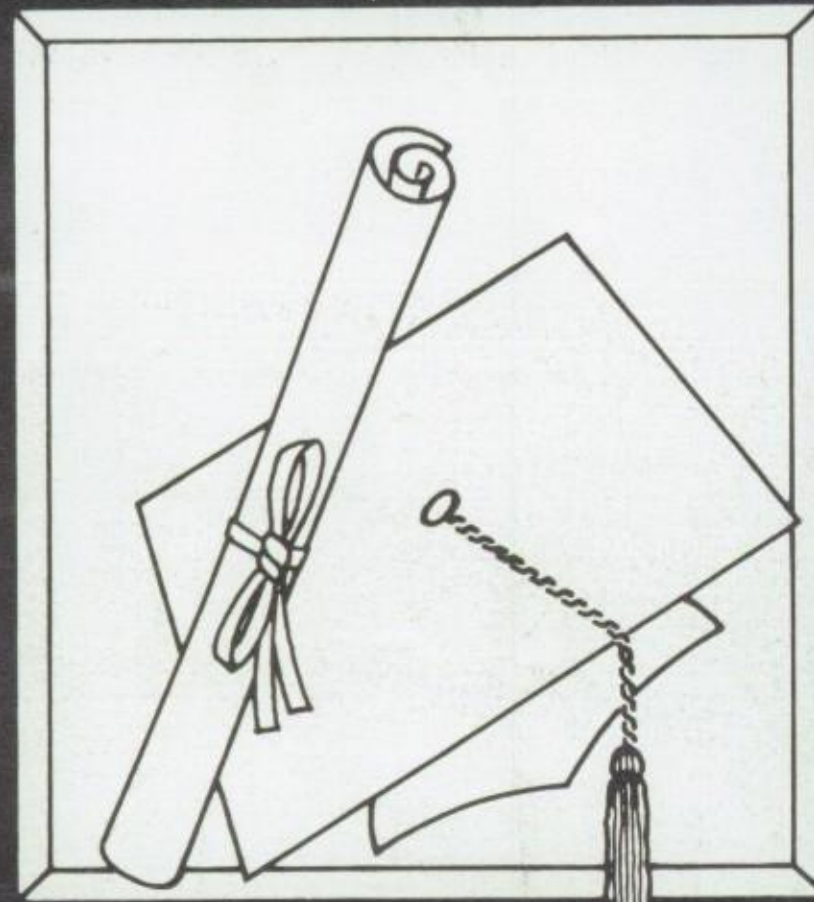

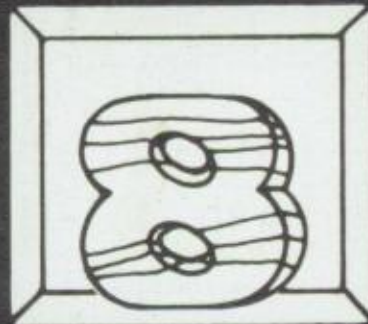

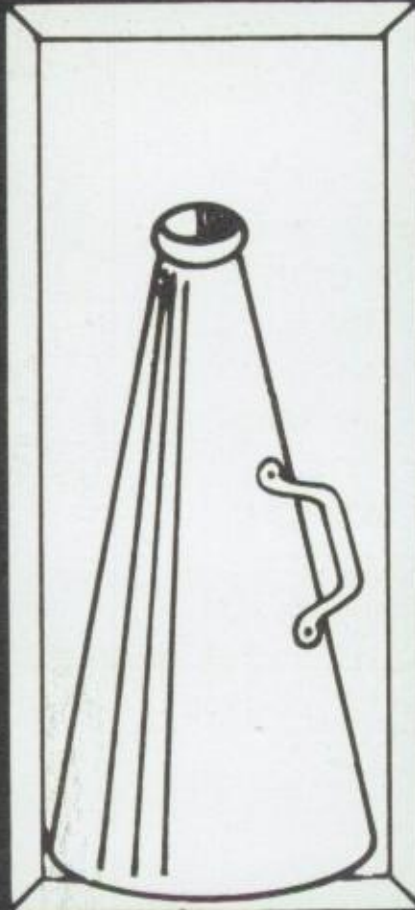

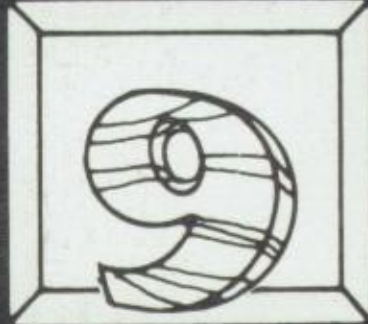

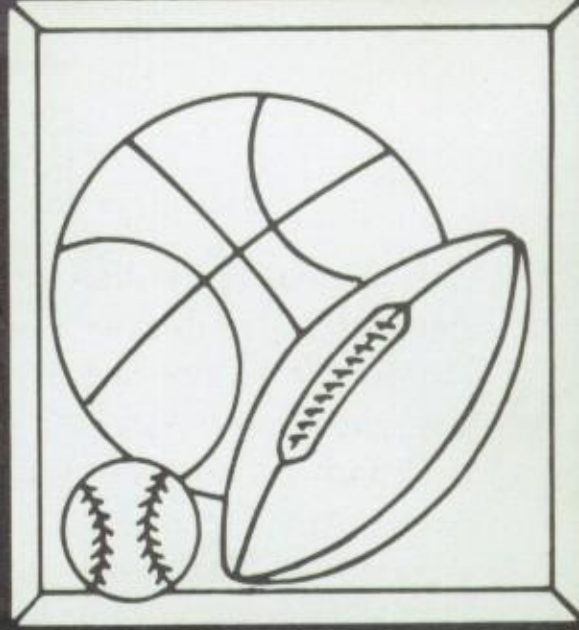

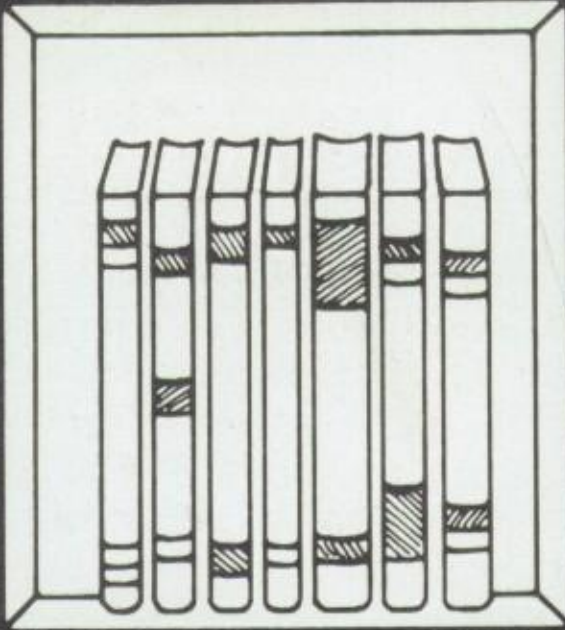

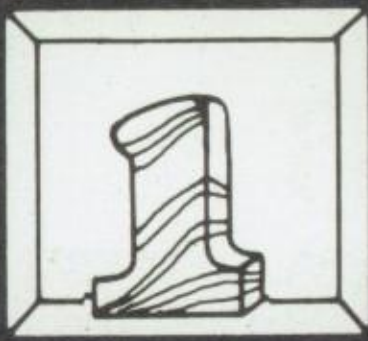

Although classes differ vastly from those of 1925 and the building is more modern, the same special spirit that existed during the early years of Community School still exist today. It is a spirit of striving for the best and accepting nothing less always pressing us on to reach our established goals; it is the spirit of friendship, love, and dedication keeping us strong and united; it is the Special Spirit of CHS!

I would like to take this opportunity to congratulate our graduation Seniors — the Class of 1985. You are to be commended for your efforts in reaching this milestone in your life.

I would also like to express my appreciation to all of the faculty, students, and parents of Community School for the cooperation that you have shown throughout the 1984-85 school year. A successful school can only be developed through such cooperation, and I want to encourage everyone associated with Community School to continue your efforts to improve our school and make available the best education possible to the young people of our community.

A popular song of several years ago was entitled "Moments to Remember." '84-'85 Viqueens, you have given us many special "moments to remember" this year. With important victories over rivals such as Chapel Hill and Cascade, plus the Championship in the Richland Christmas Tournament, our girls have had a successful season, with excellent TEAMWORK!

Now is the time to say goodbye to a very special group of seniors, who have been leaders in rebuilding the Viqueens' basketball program to this year's regular season record of 15 wins, 5 losses — with tournaments still remaining. Angela, Beth, Cindy, Elizabeth, Lisa, and Kaye — We appreciate you!

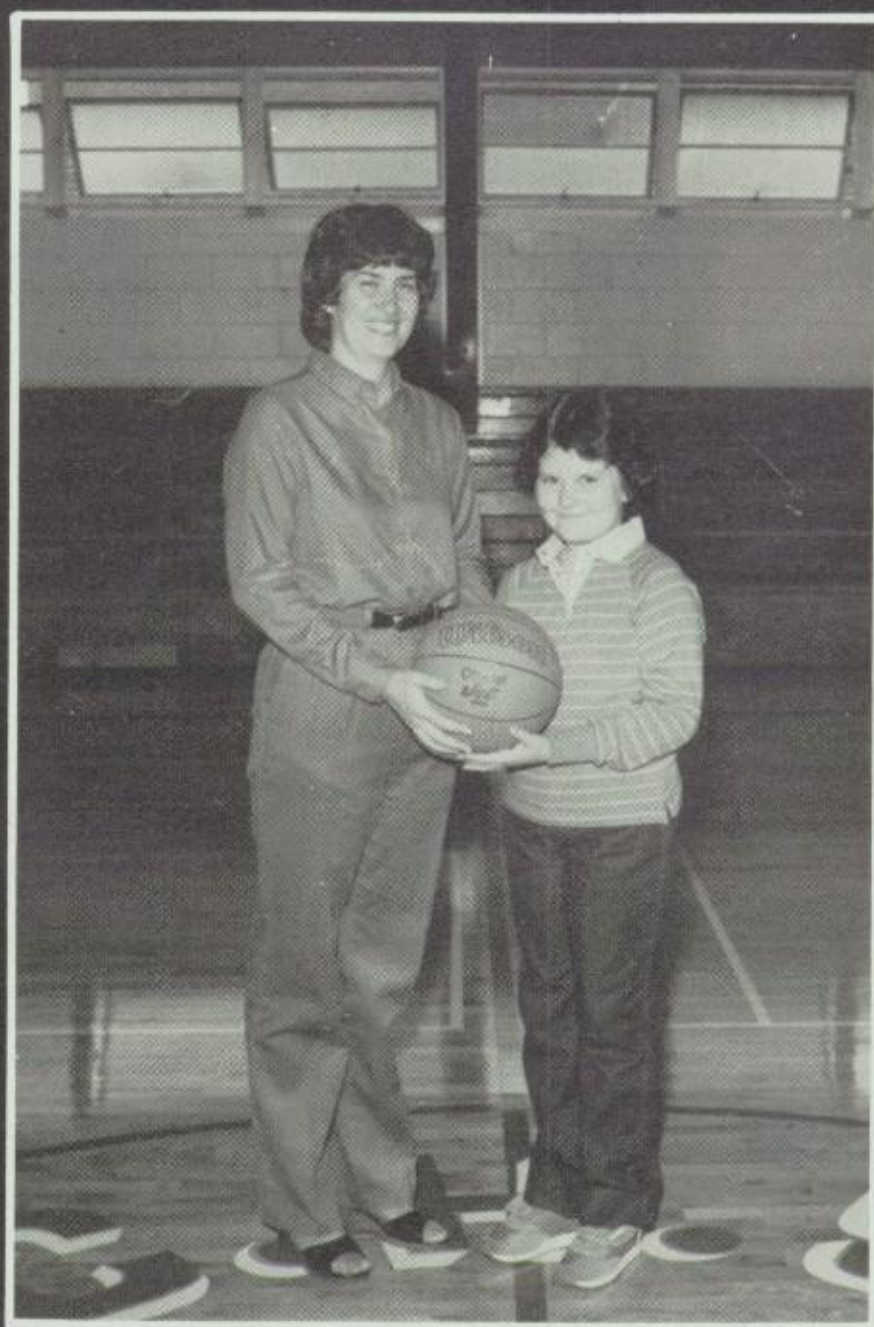

I would like to say thanks to the entire team for a great year and in doing so I will borrow a few lines from one of my favorite poets.

Viqueens,

"You have given me so many things
intangible and dear,
I couldn't begin to count them all
or even make them clear . . .
I only know I owe so much
to all of you — for a wonderful year!"

You're a great TEAM!

Love,
Coach Wortham

Pride . . .

We began the year many answers untold.
Our ranks were quite thinned by some not so bold.

We were short of stature but big of heart.

All in all we got off to a surprising start.

We struggled, we scrapped, we reached for the top.
But in the end we were hurt by games that we dropped.

Three losses in twenty, for a season, not bad!
Second place in the district was what we all had.

No more could be asked of my midgets in gold.
They had kept up the pace of the *Pride* from ago.

When a moment is gone, it's gone forever. No one can recall it, but it can be recorded; and in this year these teams have some sweet moments to savor in victory and some bitter moments experiencing the agony of defeat. These moments, ever how sweet or sour, are but stepping stones to your future. Make sure that your steps are built on a firm foundation — Then keep on truckin'.

THEY NEED YOU WE NEED YOU JOIN THE PTA

They need you

Children need you—

- to ensure them a quality education, whether they attend a rural, suburban, or urban school;
- to help meet their physical, mental, social, and spiritual needs—at home, in the school, and in the community;
- to serve as their advocate to change conditions that threaten their development, such as TV violence, poor nutrition, inadequate health education, drug and alcohol abuse;
- to promote legislation that protects their education, health, and welfare;
- to guide them through the difficulties, problems, and joys of growing up in this era of rapid and dramatic change.

We need you

PTA needs you—

- to join as a partner in improving the quality of life for all children and youth;
- to promote good home-school relations;
- to give parents and other citizens a more effective voice in educational decision-making;
- to discuss budgetary concerns and participate in reviews of school finances;
- to take part in curriculum studies and other projects that benefit students;
- to share ideas and information in meetings, study-discussion groups, and workshops.

The Community School P.T.A. meets on the first Monday Night of the month at 7:00 in the Community School Auditorium

AMERICAN HIGH SCHOOL STUDENTS

As the end of the school year approaches, changes abound. Lockers are emptied, books are closed, and classes are completed. Awaiting the return of another victorious year, uniforms, pom-poms, basketballs and baseballs are retired for the summer.

In the midst of all these changes, one constant remains. The Viking Spirit. It is this spirit that enables us to endure exams, homework, tournaments and troublesome times that make friendships stronger.

We, the 1984-85 yearbook staff, feel that we have captured a bit of Viking Spirit within these pages. We hope every time you open this book your mind and heart will be flooded with memories of cherished moments and that Special Viking Spirit.

Tony,

you are a nice boy and a very
